

AUTOCLAVE STORILIZER HORIZONTAL ACX 1200/2

TECHNICAL SPECIFICATION

Autoclave capacity:

2 pcs. basket-carts of 360 jars of 720 g = 720 jars / on loading

- Direct steam heating;
- Cooling with water through showers;
- Opening one side;
- Steam consumption - 200 kg./h; Water - 5 m³ / h, P_{min} = 4 bar;
Air - 1.5 m³ / min, P_{min} = 4 bar;
- Pressure in the device - up to 0.4 MPa; T max = 140 ° C

Workspace

D = 1200 mm; L = 2000 mm

- Power supply (electric) - 380/50 V / Hz
- Insulation - mineral wool and mirror stainless steel
- Number of programs - 99. Automatic process control.
- Installed power - 3 kW
- Overall dimensions: L = 3200 mm; B = 1770 mm; H = 1750 mm;
- Overall dimensions of the basket: L = 820mm; B = 800 mm; H = 720 mm;
- Material - 1.4301 (completely stainless)

Price without VAT (including 2 carts): 48 875 EUR

Basket with cart - 1 pc. (on request additionally) Price without VAT: 1495 EUR

Prices are ex-works of the manufacturer.

The installation is negotiated additionally.
